

Q1) A farmer has the following animals:

5 cows

4 goats

7 hens

Group them into categories and write how many legs each group has in total.

(Hint: Cow = 4 legs, Goat = 4 legs, Hen = 2 legs)

Q2) Look at the toy collection below:

Group them by type and write how many of each toy are there.

Q3) Count and group the shapes:

Write the number of squares, circle, and triangles.

Q4) Count the number of apples, bananas, and oranges in the basket:

Apples:

Bananas:

Oranges:

Group them and write the total number of each fruit.
